PROFESSIONAL SUMMARY

Highly motivated Computer Science Engineering student specializing in IoT with a strong foundational expertise combining Data Engineering, Cybersecurity, and Software Development. Proficient in Python, C++, Java, and SQL, with practical experience in big data processing (Databricks) and offensive security assessments (Kali Linux, Nmap). Adept at leveraging analytical problem-solving and secure coding practices to engineer scalable, high-performance software solutions.

SKILLS

Programming Languages: C, C++, Java, SQL, Python (Pandas, Numpy)

Web Technologies: HTML5, CSS3, JavaScript, Flask

Databases & Tools: Databricks, MySQL, Linux, Git

Cybersecurity: Kali Linux, Nmap, Vulnerability Assessment, Hydra

Soft Skills: Problem-Solving, Team Collaboration, Communication, Leadership, Time Management

WORK EXPERIENCE

Certified Ethical Hacker (CEH) Trainee

RCAT (EC-Council)

Feb 2026

- Executed hands-on security labs, network reconnaissance, and vulnerability assessments using Kali Linux, Nmap, and Hydra to solve practical CTF challenges.

Data Analysis & Engineering Intern

CopLur Technologies

June 2025

- Engineered data ingestion pipelines and performed complex dataset manipulation using Pandas and NumPy to clean, transform, and analyze large volumes of structured data.

Web Development Intern

Kistechno Software

July 2024

- Collaborated on full-stack web applications by implementing front-end and back-end modules using HTML, CSS, JavaScript, optimizing response times and user interface efficiency.

PROJECTS

- Cricket Player Performance Analyzer** (Python, Flask): Spearheaded the architectural design of a data-driven web app to aggregate, process, and visualize complex player metrics, surfacing action-oriented performance analytics.
- Responsive Cafe UI** (HTML, CSS, JavaScript, PHP): Architected a fully responsive web portal integrating styled UI components with lightweight back-end handling to maximize customer interaction and visual clarity.

EDUCATION

Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT), Jaipur

B.Tech in Computer Science and Engineering (IoT)

2023 – 2027

Ryan International School (CBSE Board), Jaipur

Class XII (Senior Secondary)

2023

Ryan International School (CBSE Board), Jaipur

Class X (Secondary)

2021

CERTIFICATIONS

- HackerRank Software Engineer Certificate
- Certified Ethical Hacker (CEH) – EC-Council / RCAT
- Databricks Accredited: Databricks Fundamentals & Generative AI Fundamentals
- Spoken Tutorial (IIT Bombay): Python, Java, Linux, and Advanced C++ Training
- Infosys Springboard: Time Management, Business English, Active Listening, Body Language

EXTRA-CURRICULAR ACTIVITIES & WORKSHOPS

- Secured 2nd Place in Ad-Mania at Pravah '25 by designing and pitching a strategic marketing model to live judges.
- Competed in IQ Arena and Jenga Palooza at ICI Fest '24, demonstrating logical reasoning and analytical agility under time constraints.
- Participated in the 15-day Student Workshop on Data Analytics (SWDA) at SKIT.
